Case: DSB, Danish Railways

URL: <http://dsb.dk>

When you are on the road or travelling, using the mobile phone is the most obvious thing. Mobiletech has developed mobile solutions for travel agencies, airlines and railways.

By adding positioning services we have added an extra dimension to the online service.

The railway portal is hugely popular and the online sale of tickets has increased dramatically since the portal was launched.

Transport & Travel

Mobiletech develops mobile solutions for Transport & Travel using the latest HTML5 technology, automatic positioning and on-

line feeds. Solutions include mobile internet, native applications and text messaging.

About Mobiletech

Mobiletech is a leading global provider of cross platform solutions. The Mobiletech Platform reduces initial- and maintenance costs of mobile websites and native apps, and create future-compliant and scalable solutions with a compelling and engaging user experience. Our firm principles are: Workflow integration, run-time inde-

pendence, contextually optimized and freedom to create business models.

Mobiletech works with customers spanning from large media corporations, store fronts and mobile operators to organizations and brands.
